EXPERIENCE

2014 - 2018 GWYNNIE BEE

Senior Front-End Developer

- Built landing pages with responsive HTML, ES6 JavaScript, and backbone.js on the shopify platform. Delivered fast turnaround times for a variety of marketing campaigns. Made commits to production outside of the release cycle requiring late nights and heavy coordination with the New Delhi office.
- Coded and managed all of the paid advertising landing pages for Google, Facebook, Pinterest, Instagram, and YouTube campaigns totaling over \$25,000,000 in total ad spend. Wrote optimizely code to test UX and participated with analysis.
- Developed a custom set of JavaScript tools and CSS utility classes to facilitate efficient turnaround for time sensitive projects like lookbooks within days of photoshoots.
- Designed the interactive experience for an experimental pop-up shop, designed and deploying an interface inside a kiosk app across a fleet of iPads.

2013 - 2014 WOLTERS KLUWER HEALTH (NYSE:WKL)

Senior UI Developer

- Implemented UI enhancements with HTM, CSS, JavaScript for their eJournal platform as well as the medical search engine Ovid.
- Participated in daily standups, planning poker and regular code reviews with stakeholders coordinating with a large team that operated both state-side and overseas.

2011 - 2013 BAROLIN & SPENCER

Front-End Developer

- Created custom web apps such as the Philips Bulb Finder, a tool for consumers to lookup automotive headlight coverage.
- Worked under tight deadlines with minimal supervision providing customer service and break/fix support for clients for whom we worked under retainer.

2010 - 2006 JARDEN (NYSE:JAH)

Marketing Development Coordinator

- Oversaw development and compliance of all web properties for the paintball division including, brasseagle.com, jtsports.com, viewloader.com, strykerpaintball.com, as well as occasionally contributing to rawlings.com and k2lp.com.
- Designed the on-screen UI as well as hardware navigation buttons for the integrated hardware that powered the company's flagship paintball marker.

STATEMENT

I have been making websites for as long as I can remember. In high school I convinced my principal to allow me to redesign the school's website and have been coding ever since.
